PASTAI ARTIGIANI DAL 1840

CUOMO EXPERIENCE

Coming here you'll live a different day on the border of everyday reality, a time suspended between past and present, an unbelievable moment focused on pasta tradition. Only here in Gragnano, where the pasta is art, this is a unique experience that you can live at its fullest.

We will give life to the history of an ancient family mill and to all the stories that have crossed it, we'll tell you about the ancient and traditional flavors, and we'll show you the difference between the modern world of the Pasta Cuomo and the ancient one, sublining in detail the differences.

You will relax in a charming atmosphere leaving the wind caress you as it once did with our macaroni, the result of passion and patience.

We will drive you in this experience, showing you the different steps

that lead to the execution of the centenary tradition of white art, we will talk about the benefits of healthy eating, the nutritional and organoleptic properties of this product, which has become worldwide excellence, one of the bases of Mediterranean diet: our Pasta Cuomo.
